

Dear faithful advocates,

Thank you in advance for taking time with our **JULY VIDEO UPDATE** featuring LOPPW Intern Evan Sadlon and climate change. This 20-minute Wednesday Noon Live program includes the following:

- Stimulus Bill
- DACA
- Reminder of an important resource - Inoculating Against Hate (Wednesday Noon Live in April)
- Voting - a significant ruling
- Caring for God's creation in Marquette, MI and outside of Bloomer, WI
- Governor's Task Force on Climate Change - Interview with LOPPW Intern Evan Sadlon

We were having some trouble with sound effects via Zoom on FB Live in the past but were a bit more successful this month.

IN ADDITION

LOPPW signed on to this letter with the Asian American Pacific Islander Coalition of Wisconsin and several other groups: [AAPI Coalition Statement on Anti-Asian Racism & Xenophobic Attacks \(2\) \(1\)](#).

Join the Party! The virtual public listening sessions with Lt. Gov. Barnes feel kind of like parties. Some people dress up and give polished speeches; others appear in their pajamas and say whatever comes to their heads in the moment. You can offer input during the session, just listen and submit your input online, or both respond during the session and in writing. Plus, hear some great initial talks about what's working in Wisconsin! Zoom Link: bit.ly/37C7dyM OR Call: 1 (312) 626-6799 Meeting ID: 365 565 6200 and Password: 219745.
