

# STATE BUDGET

**The Joint Finance Committee is in the process of taking feedback and revising the Governor's Budget. Lift your voice!**

**Submit all comments to the Joint Finance Committee [Here](#)**  
(Use info from the below action alert to lift your voice on Badger Care)

**Tell Your Representatives to Support Accepting Federal Dollars for Badger Care.**  
**[Go to Action Alert Here](#)**

## **Suggestions**

1. As mentioned above, please use the information from our action alert (directed to your State Representative and State Senator) to submit comments directly to the Joint Finance Committee.
2. Check out our additional resources. The short videos on legislative visits below are also helpful for writing your messages.

## **Coming Soon**

We will send out an action alert on Care for God's Creation on Earth Day, April 22, one related to driver's licenses on April 23, and one more alert on hunger next week. We already have an action alert on juvenile Justice on our Action Center. You can also at any time submit comments to the Joint Finance Committee using information and the talking points from our Budget Resource.

## **Additional Resources**

For organizing a Zoom meeting with your legislators, LOPPW interviewed Andrew Fuller, ELCA Advocacy Coordinator - [Meeting with Legislators in Cyberspace](#) (3-minute video)

Andrew's tips are based on this [PDF of Virtual Visits](#) written by Karen Krueger, Program Director for Advocacy Engagement (please note that on a state level you should feel free to organize a virtual meeting with fewer numbers than recommended for Congressional visits in this resource).

More from our D.C. office: [Tips for Engagement](#) (3.5-minute video)

Thank you, faithful advocates, for taking time with this message and our resources. Please do not hesitate to contact us with any questions.

Blessings,

Team LOPPW
